

I OWE

MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—“I am the mother of four children and have suffered with female

trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies.”

—Mrs. ROBT. STOFEL, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

A CALL FOR THE MEETING OF DEMOCRATS.

The State Democratic Executive Committee having offered certain prizes to the president of Democratic clubs for contributions to the national campaign fund, all Democrats, and especially all presidents of Democratic clubs, are hereby earnestly urged and requested to meet in the county court house, in the city of Newberry, on July 5, at 12 o'clock, to hear this proposition fully explained and to contribute such amount as each individual Democrat may desire to contribute towards the reelection of the Democratic president of the United States, Woodrow Wilson.

H. H. BLEASE,
Member of State Executive Committee.

FRANK R. HUNTER,
Chairman of County Executive Committee.

To Drive Out Malaria
And Build Up The System
Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

DELAY IS IRKSOME TO FIRST INFANTRY

Capt. H. T. Hames Declines Majorship—New Speed Record Made by Surgeons.

The State.

Camp Moore, Styx, July 11.—“You know just about as much about that as I do,” said Col. E. M. Blythe, on being asked this evening when the First regiment, which he commands, would likely leave for Texas. Watchful waiting begins to irk. Everything has been done to assure an orderly and expeditious entrainment when Washington wires the word. General leave has been withdrawn. No one in the First goes beyond the lines except on a pass from his company commander countersigned at regimental headquarters and these orders are granted only on urgent pleas and then for but a few hours.

Nor is it known when the cavalry will start or what will be its destination. Confirmation is not to be had tonight of a rumor which ran about camp today that Troop A would accompany the First infantry.

Captain Declines Majority.

Capt. Herbert T. Hames of Jonesville, senior captain in the medical corps, N. G. S. C., assigned to the sanitary detachment of the First infantry, was tendered by Gov. Manning today the vacancy in the grade of major created by the transfer of Maj. A. M. Brailsford to the command of Field Hospital No. 1. Capt. Hames declined the promotion, though it meant a salary increase of \$600 the year and of course a considerable accession of rank. “I have been with the First for about ten years,” he said, “and if I accepted the majority I would be assigned to the Second. I can not leave a regiment to which I am so affectionately attached. I feel, too, that having enjoyed with it the pleasures of military life, I ought not to leave it now that there is a prospect of serious service.” The First would share Capt. Hames' regret over any circumstances which should part him from the regiment.

Medical examiners working under the direction of Capt. Schmitter, med-

ical department, U. S. A., set a new record for the camp today by examining upon 110 men from the Second regiment within one shift of four and a half hours. Another record was made when the Columbia Light Infantry, the admirable Olympia mill community organization commanded by Capt. Wingard, lost but nine men out of 38 under the surgeons' scrutiny. Six officers of the regiment have so far been found physically disqualified. Petitions for waivers in respect of some of these have been lodged at Washington. Members of the field hospital have not yet been examined.

Capt. Graham, U. S. A., mustered into federal service today the field and staff of the Second infantry. Only three units of that regiment remain to be covered into the National Guard of the United States. These are the headquarters and supply companies and the sanitary detachment.

Makes Ghost to Walk.

Maj. Shapter Caldwell, in his capacity as disbursing officer for the United States, began paying off the First regiment today. He is taking the companies in regular order. Units paid today were the field and staff and the headquarters company. Tomorrow the machine gun company will be paid. Special guards were posted about the headquarters tent in which the money chests were kept.

There was some drilling today, but not much in the Second regiment. That outfit was resting on its arms, not its left arms, however, these being all tender from inoculation.

Gov. Manning drove out to camp this afternoon behind his silken bays.

RELIEF FROM PAIN BRINGS HAPPINESS

SUBSTANTIAL FARMER IS NOW HAPPY MAN.

RECOMMENDS TANLAC.

It has been said that health and happiness go hand in hand. After much suffering when relief is experienced there is no wonder that one experiences happiness and joy. It is in the wonderful story told by J. C. Cain, one of the sturdy farmers of Westminster, near the dividing lines of the States of South Carolina and Georgia, that we are given a beautiful example of this return of joy when health is again made better.

Mr. Cain wrote recently to the State agent for Tanlac at Columbia a voluntary testimonial of Tanlac. His experiences are best told in the following letter, which he wrote:

“I feel under obligations to send you a correct testimonial for Tanlac.

“I have been sick for the past five years. I stayed bilious and sick at my stomach all the time. Nothing I ate agreed with me and nothing I took did me any good. The doctors here announced that I had gall stones and gravel stones. My kidneys gave me severe pain all the time.

“Before I began to take Tanlac it was a drag for me to get out every morning to feed my stock. Now I can get up and call my wife to get breakfast and by the time I get into the yard I catch myself a whistling and a singing the sweet songs I used to sing. My mules recognize my voice and begin to bray and to knicker, knowing that I am coming to give them their food.

“Before I began taking Tanlac my wife would ask me if I wanted to go with her to preaching on Sunday morning. I would tell her ‘No.’ I didn't feel like going. Now I get up every Sunday morning and ask my wife if she wants to go with me to preaching.

“Before I began to take Tanlac it was a drag for me to go to the field, and sometimes I had to tell the boys and show the other hands what to do. Now I can get up every morning and eat a hearty breakfast and drink my coffee, too, and it doesn't hurt me; and I can go to the field and do as much work as any hand I have got.”

It is just such statements from citizens of various walks of life like Mr. Cain, who hold the highest esteem of the community in which they live that have prompted others to buy the great preparation and therefore the makers of Tanlac are indebted to these persons for their testimony.

After sending the above testimony Mr. Cain sent additional testimony and says among other things: “I can cut wheat all day long now—something I have not done in five years.”

Tanlac, the master medicine, is sold exclusively by Gilder & Weeks, Newberry; Prosperity Drug Co., Prosperity; Little Mountain Drug Co., Little Mountain; Dr. W. O. Holloway, Chappells; Whitmire Pharmacy, Whitmire; D. J. Livingston, Silverstreet. Price \$1 per bottle straight.—Adv.

and had short conference with Capt. Blythe, Capt. Schmitter, Capt. Graham and the adjutant general. His secretary, Col. O. K. LaRoque, was with him.

Officers' tents in both regiments are being floored. Only one afternoon in the last three weeks has failed to bring its thunder shower and the ground, sandy though it is, hardly once has dried thoroughly.

The Butler Guards keep going almost continually the large phonograph brought to camp by Mr. and Mrs. George R. Koester of Greenville. They have an abundance of records, but Capt. Workman's men like best of all the Hawaiian folk songs with their weird and intricate ukulele accompaniments.

Drum Major Appointed.

Ralph, a first class private of the First regiment machine gun company, has been transferred to the headquarters company and promoted to drum major with the rank of first sergeant. He is a younger brother

of the late Capt. H. H. Hames of the same regiment.

Phil C. Clayton has been appointed first sergeant of the First regiment machine gun company, vice W. A. Hodgins, recently commissioned junior second lieutenant. Mr. Clayton is Capt. Gossett's brother-in-law. He was a star football player at St. John's, Annapolis.

Capt. Graham, the mustering officer, put in some hours of hard labor today in checking medical examination reports against muster rolls.

Second regiment company commanders were busy in drawing their quotas of regulation underclothing and in making out final statements for men rejected by the medical corps.

Among the visitors today was F. H. Weston of Columbia, judge advocate general of the South Carolina militia establishment.

James McBride Dabbs, Y. M. C. A. secretary, made many enlisted men welcome today in his big circular tent

camp headquarters. Camp Moore is busy the outline of the capital of the two regiments denning the uprights and headquarters row joining the two.

The Hampton Guards rejoice in the possession of a \$75 Victrola and a large assortment of records, donated by G. A. Reese of Spartanburg, general manager of the Clinchfield Fuel company.

No Butler Spreaders? What!

Camp Moore is deriving amusement from a letter printed in a Greenville newspaper, in which complaint is made because dining tables are not provided for the soldiers. “We haven't any finger bowls, either,” a sun tanned private added. “Gee, this soldier life is tough! Do you know they gave us nothing for dinner but soup, steak, potatoes, beans, bread syrup and coffee? I'm simply wasting away.”

During the 15 days following June 23 the troops at Camp Moore consumed 32,321 loaves of bread sup-

plied on Saturday by Hiram's mill of Columbia. About seven million of bread a day are coming in a day's requirements in the form of bread.

Dozens of regulation bedding rolls have been manufactured for officers at Camp Moore by the Columbia Awning and Tent company.

Clear, cool and potable water for drinking purposes is being pumped now from deep wells recently driven, one on either side of camp headquarters. All other water used for drinking or cooking is boiled.

Officers' Age Limit.

The following order was issued yesterday by the governor:

“On and after this date the following age limit is hereby prescribed for officers of the National Guard of this State: Between the ages of 21 and 32 years, for second lieutenant; between the ages of 21 and 36 years, for first lieutenant; between the ages of 21 and 40 years, for captain; between the ages of 21 and 45 years, for major.”

A BIG JULY CLEARANCE SALE AT COPELAND BROS.

\$30,000 worth of high quality merchandise to be placed before you. We need the Cash dollars and are going to give you big Value for every one you turn loose. Come to the sale; bring your purse. Help yourself by getting what you need. Of course the help will be returned for we need the Cash.
